

## M Series Power Box Rake®

FOR SKID STEERS

### FEATURES:

- **Adjustable Rhino-Hide barrier** above the roller allows you to quickly react to soil moisture conditions. You can choose the size of the material you want to leave in the seedbed. Raising the barrier promotes faster soil drying and opening up of muddy sites.
- **Pure carbide proprietary teeth design.** Not just carbide tough for long life, but specially shaped to ensure the best possible seedbed sub-base fracture pattern and superior moisture retention and release.
- **Quick and easy removable endplates** for windrowing and reverse box raking...no bolts, just pull the pins.
- **Dual independently adjustable gauge wheels** allow for skim passes for over-seeding - or - adjust to cut drainage grades.

**PALADIN.**

# M Series Power Box Rake®

## FEATURES:

- Innovative modular design lets you choose or upgrade from the straight mount or manual angle mount to full hydraulic angle capability.
- Triple-sealed and shielded bearings for extra protection and long life.
- Slim profile frame bearing ends allow full-depth and first-pass teeth penetration...saving you time.
- Harley's well designed frame geometry offers excellent visibility of your work surface.
- Harley comes complete with all electrical and hydraulic connections included. Not as extra hidden costs.

Specifications	M5F	M5M	M5H	M6F	M6M	M6H
Weight (lbs)	798	913	938	785	900	925
Roller Width	62"	62"	62"	72"	72"	72"
Length (overall)	59"	59"	59"	64"	64"	64"
Width (overall)	72"	72"	72"	81"	81"	81"
Raking Width (full angle)	NA	58"	58"	NA	68"	68"
Angle Roll	NA	20°	20°	20°	20°	20°
Min. gpm	13	13	13	13	13	13

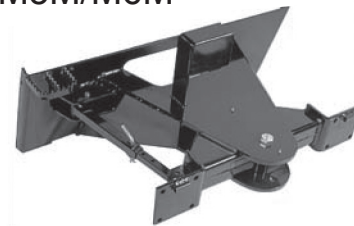

Specifications and design are subject to change without notice and without liability, therefore, whenever applicable specifications are in accordance with SAE standards.

## M5F/M6F

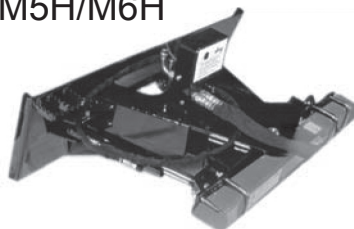

Easy to use, easy to maintain!  
Fixed position makes the rake so easy to use, new operators can be productive in no time. Only six grease fittings to maintain.

## M5M/M6M

A simple yet rugged yoke assembly allows the rake to angle 20 degrees to either side for wind-rowing. No extra valves, hoses, or wires means you get extra capabilities at a reasonable cost. Get the complete raking function you want in an affordable, uncomplicated package.

## M5H/M6H

Enjoy total angling operation from your mini-skid steer!  
For maximum control and productivity...this is the package that made Harley famous.
