

Tractor Series

Power Box Rake®

HARLEY

PALADIN LIGHT CONSTRUCTION

FEATURES:

- **Roll-Back barrier** above the roller allows you to quickly react to soil moisture conditions. you can choose the size of the material you want to leave in the seedbed. Raising the barrier promotes faster soil drying and opening up of muddy sites.
- **Pure carbide proprietary teeth design.** Not just carbide tough for long life, but specially shaped to ensure the best possible seedbed sub-base fracture pattern and superior moisture retention and release.
- **Quick and easy removable endplates** for windrowing and reverse box raking...no bolts, just pull the pins.
- **Dual independently adjustable guage wheels** allow for skim passes for over-seeding - or - adjust to cut drainage grades.
