

# V30 SKELETON ROCK GRAPPLE

48" · 54" · 60" · 66" · 72" Universal skid steer mount only.

- > Hybrid side plates keep rocks secure while still allowing handling of material wider than the grapple.
- > Tight 3" tine spacing to pick rocks and leave dirt behind.
- > Every tine is constructed of one piece of 1/4" Grade 50 steel, from tip to top brace, to add rigidity.
- > Raised ridge in center of tines (rock dam) and notch near tips secure rocks while digging. Fully gusseted tine tips for added strength.
- > NitroSteel® cylinder rod and Teflon® coated bushings on hinge.
